To Whom It May Concern:

We have been working with Chris Willers Managing Director of Access to Export Ltd. (ATEL) since 2009.

We have always been extremely pleased with ATEL's professional approach, level of cooperation which together with their ability to drive things forward is outstanding. They now handle all our export requirements and documentation globally including the total management of our Letters of Credit which also involves direct communication with our customers.

We would highly recommend the services of Access to Export Ltd. to other companies facing any kind of export challenges.

Yours Faithfully
